

KIWANIS CLUB TO BE FORMED

Ogden and Salt Lake Men
Discuss Tentative Plans
for Organization

Twenty-one Ogden and Salt Lake men met at the Weber club today and took preliminary steps toward the forming of a Kiwanis club in Ogden. At the session the plans for the Ogden club were outlined by J. Ray Ward and W. H. Reeder, Jr.

Mr. Reeder was named temporary chairman of the new organization. Steps to organize the Ogden unit will be taken immediately and it is expected that at least one hundred charter members will be obtained.

George Atkinson, national field representative with headquarters at Chicago outlined the purpose of the organization while Herbert Van Dam spoke on the state clubs and the work which they are doing.

The next meeting of the local club will be held at the Weber club next Friday, according to Chairman Reeder. The following men were in attendance at the meeting:

Salt Lake—George Dunford, C. G. Adams, Henry Brinslee, Herbert Van Dam, Simon Shipro, George Atkinson, and Ben C. Brewster. Ogden—J. Ray Ward, Dr. W. S. Faine, N. R. Ricks, Dr. A. D. Barber, W. H. Reeder, Jr., John Culley, E. T. Spencer, C. P. Morse, E. A. Stratford and J. P. Corry.

Irrigation District Trustee to Be Named

Election of one trustee for the Weber county irrigation district will be held next Tuesday, according to an announcement made today. Voting hours have been set from 8 o'clock a. m. until 6 o'clock and three polling places have been arranged. The first precinct, which embraces the district north of the Ogden river, will receive votes at the Farr West amusement hall; the second precinct, south of the river and west of the mountains will vote in the residence of Thomas R. Jones in Kanawville; voting in the third district embracing Ogden, Eden and Huntsville will be held in the Eden amusement hall.

As so far announced, D. D. McKay who now holds the position, is the only candidate mentioned for the position.

Ogden Soccer Team to Play for State Title

The Ogden soccer team will clash with the Salt Lake aggregation on the Fort Douglas field at Salt Lake Sunday afternoon in the final game of the year. Players on the Ogden team will depart for Salt Lake on the 12:30 p. m. train.

This contest will decide the state title. The following players will make the trip: Johnson, Brache, Parsons, Hudson, Smith, Haynes, Bruin Defree, Hart, Hayes, Hansen, Taylor, Lipitrot and Henderson.

Two Ogden Poultry Men Take Prizes

V. L. Pingree, 550 Twenty-seventh street, was advised last night that he had won sixth prize on Simple Comb White Leghorn cockerel in the Heart of America Poultry show, now being held at Kansas City, Mo. Mr. Pingree shipped only two birds to this show.

Marius Hansen, 3445 Adams avenue, exhibiting Rhode Island reds at the Oakland (Cal.) Poultry show, won first cock and shape special.

Prominent Physicians' Report on Wonderful Remedy to Strengthen Eyesight

Doctors Bickstein, Lewis, Smith, Lashanah, Seery, Connor and Many Others Agree
Bon-Opto Strengthens Eyesight 50 Per Cent in One
Week's Time in Many Instances.

New York.—At last the good news can be published which will bring joy and happiness to those who suffer from poor eyesight, weak, watery, inflamed, painful, itching, aching eyes. There is real hope for those who are ruining their eyes by wearing misty glasses and thousands who wear glasses and think they fit because they see well will be able to throw them away and see better without them. Doctors throughout the country are rapidly taking up this Bon-Opto method of eye-strengthening and they enthusiastically endorse its principles and wonderful effects. Here we publish for the benefit of the public extracts from doctors' reports which must convince any reasonable person that Bon-Opto method is one of the greatest medical discoveries of modern times.

Doctor Lewis reports: "Just one five-grain tablet of Bon-Opto, which can be purchased at any drug store, dissolved in one-fourth glass of water and used freely as an eye wash two to four times daily cures the vision, relieves fatigue, cures eye pain and inflammation. If you wear glasses, if you are a victim of aching, itchy, tired or watery eyes there is hope for you if you follow the Bon-Opto method."

Doctor Lashanah reports: "I have thoroughly tried the Bon-Opto method in cases of asthenopia, conjunctivitis, blepharitis, catarrh, exophthalmic goiter and several other inflammatory conditions of the eye. In every case it has given eminently satisfactory results and I feel justified in recommending it to the public and profession as a preparation of merit with a wide field of usefulness."

Doctor Seery says: "I have tried Bon-Opto method in a number of cases, and I can truthfully state that it is the very best treatment for the eyes I have ever used. It works more quickly than anything I have ever prescribed. The formula is an excellent one, and I am sure that when the public realizes what a wonderful remedy it is and how essential eye-bathing is, Bon-Opto will be universally used."

Catholic War Film to Be Shown Tonight

"American Catholics in War and Reconstruction," is the title of a motion picture reviewing the war activities of the National Catholic War Council, which will be shown at the Sacred Heart academy this evening under the direction of the Ogden council, Knights of Columbus.

The picture will be screened starting at 8 o'clock. All members of the Knights of Columbus and their friends are invited.

In the case of the work of the Knights of Columbus committee on special war activities, a special reel entitled "Over There and Home Again With the K. of C." tells the story of the work performed by the secretaries of this organization in behalf of Uncle Sam's fighting men in the camps.

WHISKY SENT FROM U. S. IS SMUGGLED IN AGAIN

GREAT FALLS, Mont., Dec. 3.—That whiskey stocks in Canada are constantly replenished from the United States and that most of the whiskey smuggled across the Montana line is made in the United States, is the statement of E. J. Tait, federal prohibition enforcement officer, who returned Thursday from a visit to cities in Alberta which are said to furnish most of the liquor that comes across the line.

"I found one wholesaler in Alberta," said Mr. Tait, "who has a standing order for two carloads of United States whiskey for every day for the next six months. Whiskey held in stock in the United States when federal prohibition went into effect can be exported without hindrance."

SKAGGS

Visitor in Ogden Dies at Hospital

After an illness of several weeks, Lucy Eugenia Carbine of Le Grande, Ore., died at a local hospital last night. She came to Ogden several weeks ago for her health and prior to going to the hospital was staying with her sister, Mrs. J. L. Rands, 2027 Adams avenue.

She was the daughter of William Carbine of Le Grande, and was born at Clarkston, Utah, April 22, 1883. She is survived by her father and the following brothers and sisters: E. J. Carbine, New Mexico; W. H. Carbine, Alberta, Canada; A. M. Carbine, Salt Lake; D. A. Carbine and S. H. Carbine, Le Grande, Ore.; Mrs. P. F. Hunter, Portland; Mrs. E. E. Waldram, Ogden, and Mrs. J. R. Rands, Ogden. Funeral services will be announced later.

Reorganized L. D. S. Church Elder to Talk

Elder R. L. Fulk of the Reorganized L. D. S. church, who has been lecturing in Idaho for the past month, has returned to Ogden. He will deliver a series of lectures here commencing Sunday before returning to his home at Springfield, Ill.

The lectures will be given at the church, Fifteenth and Washington avenue.

Grid Game Called for Saturday Is Cancelled

The football game scheduled for Saturday afternoon at Lorin Park between the Ogden A. A. and the all-star of Weber Normal college and the Ogden high school was cancelled today by representatives of the two schools. Injuries to three of the Ogden high school players received in the Davis-Ogden game staged here November 24, is given as the reason for the cancelling of the contest.

STEEL WORKERS SUFFER BIG DROP IN EARNINGS

PITTSBURGH, Pa., Dec. 3.—Workmen employed in a number of the smaller independent steel plants in the Pittsburgh district are beginning to feel the effects of the readjustment in steel prices, announced last week. The rate of wages is not being cut, but working time is, thus affecting incomes.

Heretofore laborers employed twelve hours a day have been working on an eight-hour basis, but they were paid at the regular rate of 46 cents an hour for eight hours and time and one-half for the remaining four hours. With the extra time cut off, all laborers will receive pay for eight hours work at 46 cents an hour, which means a reduction in income for the 12-hour men of 42 per cent and for the ten-hour men of 27 per cent. This class of labor constitutes about 49 per cent of the men employed in the average steel mill.

Some reductions in the working forces in the drafting rooms were reported from a number of plants Thursday, but the only tonnage men being laid off were those who were the least efficient. Reports from the Youngstown district were that several men had been dropped from each crew without decreasing production.

GOVERNORS END MEETING; LEAVE ON JOY PARTY

HARRISBURG, Pa., Dec. 3.—Without making their expected announcement of the state capital selected for next year's meeting, the conference of governors curtailed its third and last session before noon today, and entertained for Philadelphia, where the executives were to be the city's guests for the remainder of the day.

An electric pen has been invented by a native of India that carbonizes paper over which it passes.

SAM GOMPERS ADDRESSES NEW YORK LABOR COUNCIL

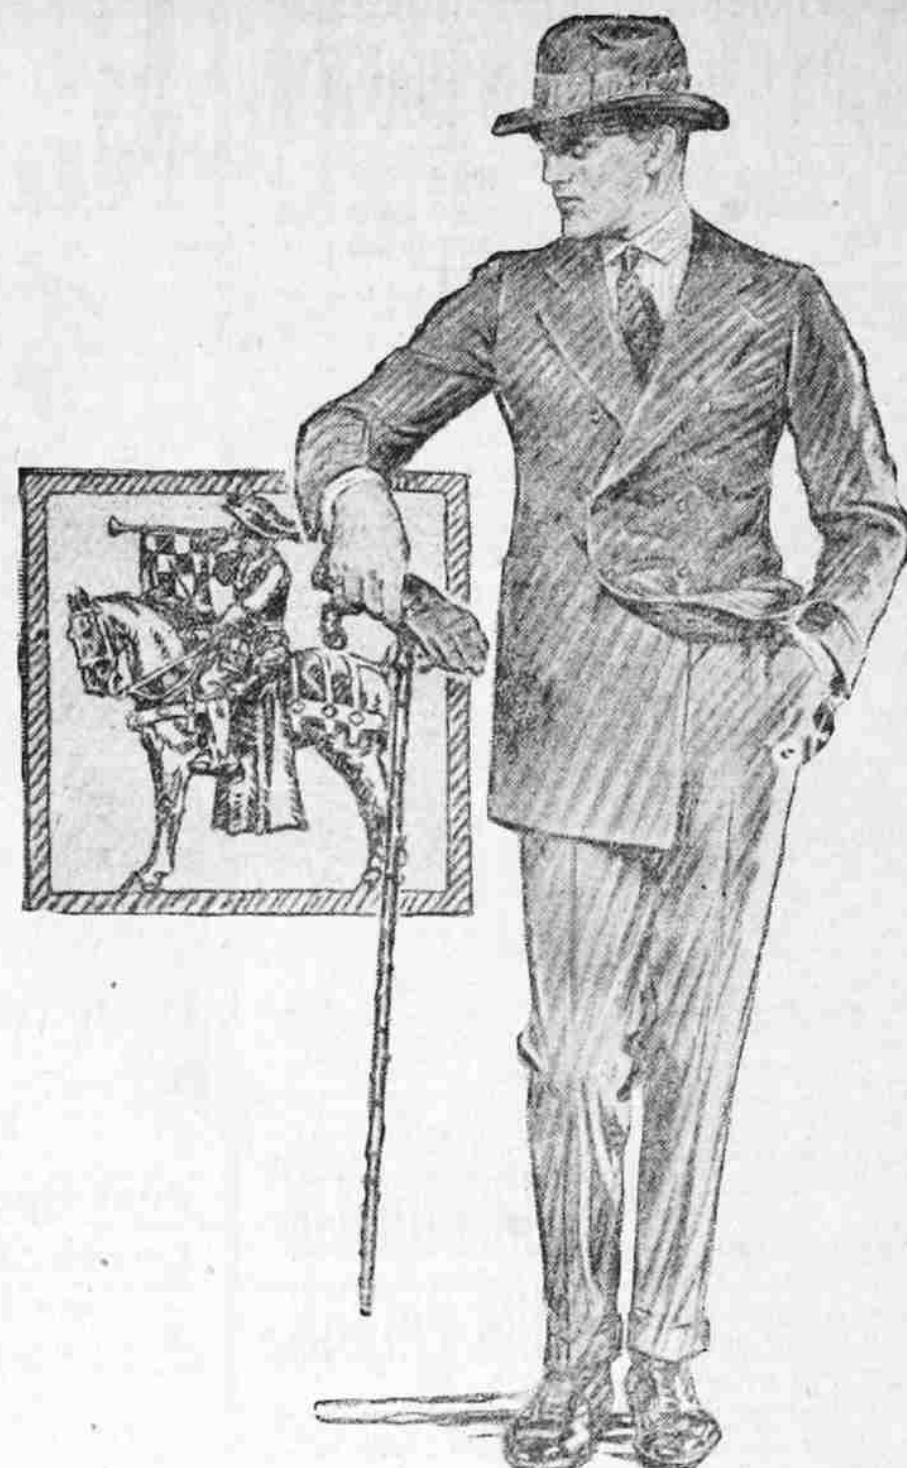

NEW YORK, Dec. 3.—Samuel Gompers, president of the American Federation of Labor, presiding last night at a meeting of the newly organized central trades and labor council of Greater New York and vicinity, told the 900 delegates present he expected it to become "the most practical constructive and just labor organization in the world." He urged his audience at all times "to give free expression of the spirit that will mean labor's continued advance, right and justice all the while."

The gathering was called to elect officers for the new body, which has absorbed the Central Federated Union of Manhattan, the Central Labor union of Brooklyn, and other labor organizations in the city and its suburbs. Its membership is said to exceed 150,000 workers affiliated with the American Federation of Labor. Each union was represented by three delegates.

CHINO AND NEVADA CON. COPPER PASS DIVIDENDS

NEW YORK, Dec. 3.—Dividends on Chino Copper and Nevada Consolidated Copper were passed today at the quarterly directors' meetings. Three months ago dividends on Chino and Nevada Consolidated were at the rate of 37 1/2 cents and 25 cents, respectively.

Regular dividends on Utah Copper and Ray Consolidated Copper were declared today.

A statement giving the reasons for the suspension of dividends on Chino and Nevada Consolidated referred to unfavorable market conditions and the desire of financial interests to conserve their cash resources.

SWINDLER OF FARMERS SENT TO ATLANTA PRISON

MONTPELIER, Vt., Dec. 2.—A sentence of 10 years in the federal prison at Atlanta, Ga., was imposed upon Joseph B. Batten, alias Henry Anderson, and J. B. Harper, in the federal court here Thursday for using the mails in a scheme to defraud. Batten, who is farmer,

under indictment on similar charges, in Washington, North Dakota, Texas and California has previously served a number of prison terms.

The testimony showed that Batten sent letters to farmers offering them a high price for their products if they would ship it to him. It was alleged that up on receipt of the products he sold it to a Springfield, Mass., concern, here Thursday for using the mails in a scheme to defraud. Batten, who is farmer,
